

ADVANCING AGE

REFERRED TO BY SIR WILFRED

The Premier's Address Tinged with Melancholy—Reflections and Forecasts

Montreal, Oct. 26.—Sir Wilfrid Laurier, speaking at the opening of a new branch of the G. N. R. at St. Jacques Lachapelle, made an address which according to reports, was tinged with melancholy. After touching upon the great strides in transportation facilities since his boyhood days in the district, Sir Wilfrid spoke briefly of the G. T. P. "The first missionaries came to Canada," he said, "hoping to penetrate to China and India. They failed; but but what they could not do will soon be easily possible for you, as you will realize when you see products of the Orient rolling past your lands in the trains of the G. T. P. Railway. You have wished me long life. I hope I shall be able to fulfill this wish but I am growing old and I feel it as I see many of my old friends carried off by death or transferred to other fields of labor. Nevertheless I would hope to live long enough to be able to continue my labors until they are much nearer fruition than they are today even though I cannot see them brought to successful conclusion. It has been the work and aim of my life, to develop my country, to make life more happy for my fellow countrymen. I have tried to make wealth for those who had it not and more to those who had it, and the great liberal party whose policy I represent, have seen much in progress in this direction. But there is yet much to do. Even though I do not live long enough to achieve these things," said the Premier, "Even though I go, there are many others who will be proud to take up the work where I lay it down, and carry it forward to a successful conclusion."

THE BANK OF EDMONTON

(Continued)

A bank controlled and operated from Edmonton would mean that \$1,000,000.00 or more of capital, apart from deposits in any agencies of the bank would be under the care and control of able directors from the city, who would see that the infant industries and manufactures favorable to the conditions of this great Province were encouraged and established. Such a bank, the only one west of Winnipeg, with its head office, would get ready subscribers from Eastern Canada, Great Britain and the United States because this Western country's immense resources of rich agricultural lands, coal, other minerals and furs are receiving the close attention of the world.

Branch banks are good and useful, but a bank with its resident board, with knowledge of the country, can intelligently deal immediately with credits without having to submit them to gentlemen on bank boards thousands of miles distant and who are necessarily not as familiar as our people are with local conditions. Each of the prominent older cities has its own individual bank, why not have ours and keep the money in the Province.

Be true to Edmonton.

CIVIL SERVICE EXAMINATIONS

The Dominion civil service examinations will be held in the science room of the high school on Tuesday, November 14th and the two succeeding days. Mr. W. Rae is presiding examiner.

LIBERAL MEETING TONIGHT

A joint meeting of the Liberal Associations of the city will be held in the Young Liberal Club rooms this evening at 8 o'clock. Duncan Marshall will address the meeting.

ST PAUL DE METIS

Aged Missionary Gone—Hydrographic Survey—Liberal Meeting

Saddle Lake, Oct. 25.—Brother Alexander of the Sacred Heart, R. C. mission here, died on Monday evening after a short illness. Deceased was 67 years of age and had been for the last 37 years connected with the R. C. mission in this part of the country.

The first anniversary of the political campaign occurred here yesterday. Mr. P. A. Walker, the Liberal candidate, accompanied by Mr. Lees, called here on the way to St. Paul des Metis where they had a very enthusiastic and largely attended meeting at 8 p.m. Mr. Lees opened the meeting and treated the audience to a very able and interesting address regarding the policy of the Liberal and Conservative parties.

He was followed by Mr. Walker, who upon rising, was received with loud and prolonged cheers. He defined the different planks in the Liberal platform in a very able manner, dealing extensively with the school and land questions and also the matter of repairs to roads and bridges. Mr. E. Polaris and several other local men addressed the meeting, speaking both in French and Creole. Each expressed his confidence in Mr. Walker and the Liberal party. Much disappointment was felt that Mr. Shera, the Conservative candidate, did not attend as from the accounts of his agents who have been camped here and working in his interests without success, for over two weeks, a lively time was promised for Mr. Walker and the Liberal party in general. They even hinted that in the event of Mr. Shera being elected the people of St. Paul des Metis might reasonably look forward to the return of the buffalo.

INSTITUTED EDMONTON PRECEPTORY

Thanksgiving Day will long dwell in the memory of local members of the Masonic fraternity, a red letter day. The Edmonton Preceptory and Priory, Knights Templar of Canada, was instituted yesterday. About 35 members of the brotherhood attended the session, which commenced at the Masonic Hall about nine o'clock in the morning and concluded at eleven p.m., after which a supper was served in the Alberta Hotel. Right Eminent Sir Knight Brown, Bartholomew and Bentley, of Calgary, and St. Knights Carrolland, McDonald, of Sault Ste Marie, Mich., and J. Dunlop, of Rossland were present. The following officers were elected and installed:

Presiding Preceptor—A. R. Duncan. Constable—W. G. Ibbotson. Marshal—W. H. Jaeger. Chaplain—R. B. Ferguson. Registrar—Jas. A. McKinnon. Treasurer—C. Taylor. Sub-Marshal—John L. Moore. Guard—Dr. O. F. Strong.

NICHOLAS IS WEARY

OF HIS UNHAPPY STRUGGLE

Count Witte Now the Controller of Russian Destinies Spoke Frankly to the Emperor

St. Petersburg, Oct. 26.—Count Witte, even in advance of the promulgation of his formal appointment as Premier completely dominates the situation. Interesting details have been learned regarding Count Witte's interview with Emperor Nicholas at which it was agreed that the time had come to limit the autocratic power and give the people a real share in the government. His Majesty asked Count Witte to speak frankly and after listening to the statesman's exposure of the situation he appeared to be utterly unnerved by the deplorable state of affairs and cried out that he was weary of the struggle and felt like leaving all and fleeing to Darmstadt. This was probably the origin of the report that the Emperor was going abroad.

FUTURE OF THE POLICE

Ottawa, Oct. 25.—After the elections in Alberta and Saskatchewan are over Comptroller White of the Mounted Police will leave for the West and confer with the Provincial Governments to find out whether they want the police to remain or not. This will be necessary because the administration of justice is now in the hands of the Provinces. It will be necessary for the Dominion in any event to keep a sufficient number of the force to patrol the boundary line to look after the smugglers and to attend to quarantine duties. Police will also be required to locate settlers. All the unorganized territory is under the Comptroller and his men.

TURKEY CAME HIGH

Winnipeg, Oct. 26.—Thanksgiving day was somewhat luxuriously spent yesterday in Winnipeg. There was a driving sleet and gale that kept everybody home, but even those who went out and partook of good cheer were horribly costing that they were eating turkey costing 25 cts. per pound. Even wild duck and domestic fowl were quoted from 20 to 25 cts. per pound in the city market.

WAR OFFICE MOVES SLOWLY

Ottawa, Oct. 26.—The department of Militia has been advised by the war office that the control of the Halifax garrison will be handed over to the Canadian authorities on Nov. 15th. There have been annoying delays in bringing this about but it is understood the matter is now finally settled and Canada will be in control on the date mentioned. Some of the Canadian infantry has been waiting service since the first of July. The war office moves slowly.

YUKON AGRICULTURE

Ottawa, Oct. 25.—The Mounted Police report to the department here that experiments in growing barley, oats, vegetables and grasses are turning out well in the Yukon.

FOR A "BUSINESS GOVERNMENT"

Clause 6 of the Liberal platform resolved that this convention is in favor of a strong economical and business administration of public affairs with prompt attention without unnecessary routine, to the wants of the people in all parts of the Province.

The business of a Government, is to govern and so far as the public is concerned government consists less in legislation than in administration of public affairs. This is the point of continuous contact between the Government and the people. Comparatively few come personally or frequently within the active operations of the law, but all are affected continually directly and indirectly by the manner in which the public business is transacted.

Legislation too, is the doing of Parliament while the administration is all but exclusively in the hands of the Government. The bulk of legislation may and usually does originate with the Government but the final rejection or adoption of the proposed laws lies with Parliament. On the other hand it is only when the unsatisfactory nature of the administration is so patent as to require investigation by Parliament, that Parliament is warranted in interfering. The general lines along which public business is conducted, the end which is kept in view and the system by which this policy is made operative are determined by the Government and to the Government belongs the credit or the blame for the good or bad tendency of the policy and the good or bad results of the system.

Nor can a government which keeps close to the people in administration go far astray in the character of the legislation it proposes. The more carefully laws are drawn from actual existing conditions and the more skillfully adapted to remedy the evil without interfering with the good, the more satisfactory and generally useful will be these laws. Practice everywhere precedes law and the more completely the business policy of the Government is in touch with the entire range of public conditions the more effective in bettering those conditions will be the legislation proposed.

It is reasonable therefore that any party seeking the privilege of directing Provincial affairs should be required to take in the first instance a stand for strong and efficient administration. Such the Liberals of Alberta have done in the clause quoted above from the Calgary convention, in the broad but well defined constructive policy on which the Government goes to the people and in the campaign in which Liberals are everywhere making this policy the ground of the contest.

To this policy the Government and the party on which the Government relies for support, stand pledged. For an administration economical but not stinted, strong but not officious, progressive but not rash they ask the endorsement of the electorate.

As to how the Alberta Conservatives would conduct public affairs we are left to imagine for ourselves with its companion planks the administration resolution of the Red Deer convention has been relegated to the shades while its framers have assailed the Provincial Government on matters in which that Government had no part and on which reformers themselves have no policies to propose. In seeking to deflect public attention from the pri-

mary business of the Provincial Government the Alberta Conservatives have admitted their inability to meet the Government on this issue; in deliberately basing their campaign on other than this they have admitted that to them the administration of Provincial affairs is of less consequence than the success of the Conservative party; in declining to give to this question any prominence in their campaign they have admitted that in their judgment it is a matter of not even ordinary concern, and in admitting these things have admitted an absolute misconception of the duty and the business of Government which precludes them from all reasonable claim to assume that duty and to undertake that business.

LIBERAL MEETING AT LAMOUREUX

A very representative Liberal meeting was held at Lamoureux on Tuesday evening in the interests of the candidature of J. R. Boyle, Liberal candidate in the Sturgeon constituency.

Hon. C. W. Cross addressed the meeting outlining the policy of the Provincial Government and appealed for the support of the electors for Mr. Boyle as a supporter of that Government. He dealt with the conflicting policies of the Conservatives on the school question and vent freely upon the land and financial terms of the autonomy bills.

Mr. A. C. Lariviere who has been campaigning in the surrounding constituencies in the interests of the Conservative candidates was present on behalf of Mr. Knight and addressed the meeting, accusing the Government of not dealing fairly with the French speaking Canadians in the matter of civic employees.

Mr. Cross replied saying that no discrimination was made in the employment of public servants against any class of people. Efficiency was the standard of selection and race or creed made no difference.

Mr. Boyle dealt chiefly with the capital question, and the school question. He read the address of Mr. Knight to the electors of Lac La Riche in which he promised to remain neutral on the school question and the second episode of that gentleman to a Horse Hills election in which he expressed his condemnation of separate schools.

THE OAT MARKET

Farmers Advised to Hold the Crop for 28c per Bushel

Under the heading "Hold Your Oats" the Farm and Ranch Review of Calgary says:

Clouds have been gathering on the horizon of the oat market for some years. Western Canada's oat production has rapidly been outstripping the capacities of oatmeal mills and domestic consumption. The storm almost broke out twice when the oat production reached the danger limit. The situation was relieved by the action of the Territorial Department of Agriculture, which, in conjunction with the Dominion authorities and the Canadian Pacific Railway, found an outlet in South Africa and the Australian colonies for the bulk of our surplus.

The present year has seen the record crop of oats harvested in Western Canada. It is estimated that 22 million bushels will be threshed in Saskatchewan and Alberta, as compared with a little over 16 million bushels last year. Granting, therefore, that last year's crop in those two provinces supplied home consumption, and that the oat crop in Manitoba this year will be consumed in that Province, there is an apparent export surplus of between three and five million bushels of oats in Western Canada to be disposed of.

There is, happily, no war demand in South Africa this year, and the Australian colonies are enjoying unprecedented prosperity, owing to the recurrence of wet seasons and we cannot, therefore, look in those directions for a market. Where then, is going to be the market for our surplus oats? The United Kingdom is perhaps generally the largest customer for the world's surplus of oats, importing upward of 20 million dollars worth annually, mostly from the United States and Russia. Germany also imports oats largely, probably to the value of five to ten million dollars worth annually, according to the season, the principal supplying countries being Austria, Hungary, Russia, and Roumania. France off and on figures as a considerable importer of oats, at times almost equalling Great Britain. Turkey and the North African colonies supply the bulk of her demands. Holland and Belgium also figure as purchasers of oats, drawing their supplies from the United States. This practically completes the list of probable customers for Western Canada's surplus oats, unless crop failures in any particular country in Europe should happen to develop a new source of demand this year.

Reports are now at hand from various districts in the west, where it is to the effect that buyers are offering from 12c to 16c a bushel. At threshing is only in progress at the present time and very little oats have yet been marketed, unless precautions are taken, and farmers are prepared to stand by each other, it is safe to assert that the tendency of values will be still further downwards rather than upwards. The Departments of Agriculture for Saskatchewan and Alberta should lose no time in dealing with this matter. The object of their existence is to help the farmer, and this can be best done by finding new markets for his products and no stone should be left unturned by these bodies to ascertain where shortages are reported and endeavor to draw the attention of the trade to such opportunities.

But the western farmer can do much to help himself. Our advice to him to hold his oats at 28c a bushel is based on the supposition that this cereal cannot be placed on the market with any profit at a lower price, and also that oats command this value for feeding purposes right on the farm. An organized effort has been made to force the price to that average figure. Unfortunately oats are the money crop of a great many farmers in Alberta and most of these will probably have to sell at any reasonable figure offered; but we appeal to all those who are not absolutely compelled to sell their oats to hold them for the present in order that too great a volume of that cereal may not be placed on the market this fall, with the inevitable result of demoralizing prices and injuring those who are bound to market their produce.

In making this appeal to our fellow farmers, we are not advocating any "closed" policy, nor are we suggesting a remedy that has not been tried and found successful. Cotton has for years been selling at ruinously low prices in the Southern States, resulting in disastrous failures on the part of prosperous planters. Overproduction was the principal cause. An appeal was finally made by the agricultural press and planters' organizations to all cotton producers to make a determined stand for the cotton. Most of them heeded it, but some paid no attention to the movement. The final result, however, was that the growers gained their point and a movement is now on foot to further control the price by a reduction in crop area, and cohesive action on the part of the farmers.

Southern planters forced cotton from 8 1/2c to 10c, per pound by joint action, and Western Canada grain growers can effect similar results by working hand in hand, in respect to the value of oats. Agricultural societies and grain growers' associations should take this question up at their forthcoming meetings, or, if necessary, hold special meetings. It means the loss of dollars to the producers of the west. In the meantime every farmer should

stand by his guns and demand 28c per bushel for his oats and sell as little of this commodity as possible. If we all work together we cannot help gaining our point. Farmers all through Canada have earned the reputation of being averse to working with a common purpose in view, no matter how advantageous such may be. Let us now demonstrate to the world that this is a libel, and that western farmers are as wide awake to their business interests as any other class of the community. Keep up an agitation in every district, and secure the co-operation of the local press. The farmer is the backbone of all prosperity, and he is bound to have his way when everybody understands that he means business.

of every home in Canada there should be found a bottle of Shiloh's Compound. It is the best remedy for Coughs, Colds, and all ailments of the throat, lungs and air passages. It is easy to take, gives instant relief, and is a permanent cure. It doesn't cost you anything to get it. This offer is made in all sincerity and means just what we say. You can't lose. Try Shiloh and be cured, or say you were not and get your money back. Mrs. E. J. Jester, a nurse of Edinboro, Mon., says:—

"There is no cure like Shiloh for Coughs, Colds, Croup, Sore Throat, Hoarseness, Bronchitis or Whooping Cough. My oldest son was almost choked. The doctors could not relieve him. He used two bottles of Shiloh and was completely cured. It has no equal."

SUCCESSFUL MEETING

Liberal Candidate in Victoria District
Held Successful Meeting at Man-
wan

Whitford, Oct. 25.—A well attended meeting in the interests of F. A. Walker, Liberal candidate for Victoria District was held in Manawan school house on Monday, the 23rd inst. Mr. Lees, president of the Liberal Association dealt at some length with the general prosperity of the Dominion at large, and Alberta in particular under Liberal administration. His remarks were received with deep interest by Conservatives as well as Liberals. He also dwelt at some length on the question. Mr. Shera who was at Andrew six miles distant was invited to attend and speak at the meeting but refused to do so. His representative Mr. John Krebs was then called on but he also refused to reply to Mr. Lees.

Mr. Walker then addressed the meeting dealing much in the same strain as Mr. Lees and making a very favorable impression, taking his seat amidst hearty cheers from all present. Mr. Shandro addressed the meeting in the Russian language. He explained to all present that under the present administration all classes of people were progressing favorably.

Mr. Krebs at this time made a feeble attempt to define the policy of the Conservative party but was given a very cold reception.

The meeting which was decidedly Liberal in tendency then closed with three cheers for Walker and the Liberal administration.

THE NEWS IN BRIEF

MRS. FISK ELECTED

Indianapolis, Ind., Oct. 23.—The board of managers of the Women's Home Missionary Society of the Methodist Episcopal Church today elected Mrs. Clinton B. Fisk of New York as president.

COSSACKS BEATEN

Baku, Oct. 27.—A band of brigands today attacked a detachment of Cossacks near the Alyat railway station and seven Cossacks were killed and one wounded. The remainder of the Cossacks escaped.

GERMANY'S TRADE

Berlin, Oct. 23.—A statement of the foreign trade of Germany for the past nine months issued today shows imports valued at \$1,257,500,000, an increase of \$52,000,000 and exports valued at \$1,928,500,000, an increase of \$63,250,000.

THE UNQUENCHABLE FLAMES

Toronto, Oct. 25.—On April 19, 1904 the Canadian Paper Company's building was burned and for some time after fire and smoke issued from the ruins. These have apparently been burning ever since for the high wind yesterday caused an alarming gust of flame from the still smoldering mass of newspaper beneath the fallen walls.

RETURNS THE COMPLIMENT

Salt Lake, Utah, Oct. 23.—The annual meeting of the Rio Grande railroad was held here today. The board of directors was re-elected with the exception of E. H. Harriman. George Gould resigned several months ago from the directorate of the Union Pacific and other Harriman lines, and Mr. Harriman's retirement as director of the Gould properties followed.

AMERICAN CONSULS WILL ACT
St. Petersburg, Oct. 23.—Acting on instructions from the state department, the United States charge d'affaires has sent telegraphic instructions to the American consuls all over Russia to continue to act for Japan until the regular Japanese consuls arrive. The American consuls had ceased to act for Japan at the time of the ratifications of the peace treaty were exchanged.

SOLD WEED SEED

Winnipeg, Oct. 25.—An important case under the noxious weeds act occupied the attention of Stipendiary Magistrate Mac Micken yesterday, when the Crown Grain Company of St. Boniface was summoned for on Oct. 14th disposing from their elevator two cases of cleanings or refuse containing noxious weeds and shipping them to Minneapolis. This was the first case of its kind to come before the magistrate and the result of it is expected in legal circles to have a far reaching effect. The company was fined \$25 and will appeal.

A SOUVENIR

Prince Albert, October 13, 1965.
The Bulletin.
Edmonton Alberta.
Dear Bulletin: I am visiting in Prince Albert, and today I had the pleasure of seeing a very interesting copy of the Bulletin. It is indeed a bullet in comparison with the cannon ball you are now publishing.

Dr. W. S. Holmes, the Prince Albert dentist, has a copy of the 11th issue of the Edmonton Bulletin. Published on February 14, 1951, Vol. 1, No. 11. Dr. Holmes received the paper from his cousin, Chas. McPherson, Western passenger agent of the C.P.R., some 24 years ago, and is a relic of pioneer Western enterprise well worthy of presentation. The newspaper has the regulation four pages but the size does not exceed 6-1/2 x 4-1/4 inches.

The advertising space is quite limited and so is the advertising. D. M. McDougall advertises beef and flour for sale at the Market House formerly known as the school house. Donald Ross invites the public to patronize the Edmonton hotel. "The pioneer house of accommodation this side of Portage la Prairie. Morris & Logan, Deer Lodge, Big Lake Road, general store; James McDonald, carpenter; C. W. Satter, gentlemen's outfitter; J. Knowles, Millwright and The Edmonton Mills.

The following interesting items also appear:

The mercury had been shifting considerably as the following local will show, "highest thermometer during the past week 31 above Tuesday; lowest, 19 below Saturday.

Mrs. Hardesty and Mrs. Glass collected \$82 for purchasing an organ for the Methodist church.

Colin Fraser sold two town lots to James McDonald for \$36 cash.

The mail reaches Edmonton once in three weeks and sometimes not even then.

Peter Erasmus of White Whale Lake took four bushels of Club wheat to the mill and got 198 lbs of good flour out of it.

The editorial deals with an application to Parliament by two railway companies for charters for building lines of railwa from Milk river, or Belly River to the Peace River. The probabilities are that a railway to the Peace River settlement will soon be a matter of fact but these applications show how the men of early days saw the possibilities of this fertile district.

The Bulletin was published by Messrs Taylor and Oliver, every Monday morning from the First of December till the First of May. The subscription was \$2 and advertising space sold at \$5 per inch.

Dr. Holmes prizes his copy of the early issue of the Bulletin very highly.

SOME MEN ARE RICH

In Edmonton today because they had foresight enough two or three years ago to buy property which, as the city grew, advanced rapidly in value. Some of them were laughed at—people called them fools—but two short years has abundantly proved the correctness of their judgment, and they are reaping the reward of their faith in the city.

The growth of the city during the past two or three years has been great, but, compared with the growth of the next two or three years it will be but as the dawn of day compared with the splendor of the noon-day sun.

You have the opportunity now to do as some few did in the past.

The Groat Estate

is now on the market at prices which will look small—very small, indeed—in the very near future. The city is growing westward rapidly and ere long this estate will be the choice residential part. No part of this estate is more than two miles from the very centre of Edmonton today—in five years it will be in the very heart of the city.

There are 500 lots—50 x 150 ft.—to be sold on easy terms— one-third cash, and the balance in six and twelve months, without interest. There will be no taxes to pay for over a year.

History Repeats Itself

You can buy from two to ten lots for the same money which it will take to purchase one in the present settled part of the city. Those who sow a few dollars now will reap a rich harvest in the not-far-distant future. Don't miss the chance now—TODAY—and have to say in a year: "What a fool I was that I didn't purchase a year ago." Somebody is going to make money on this estate—why not have a share of it?
